

Whitehead Cemetery Watauga Lake

<http://www.dixiestones.net/details.php?listing=1027>

Whitehead Cemetery at Watauga Lake is located in Carter County, Tennessee at the intersection of Cable Hollow Road and Lakeview Drive. Take Cable Hollow Road to the left from Highway 321. Cable Hollow Road ends at the cemetery. Lakeview Drive is a dead end street leading to residences on the lake. You must exit the cemetery using Cable Hollow Road. It is a beautiful cemetery, well maintained and fenced. It is important to mention that these are only the legible markers in the cemetery. There are a number of unmarked graves and many graves with only a concrete foot stone. I did not record these because I am unsure if someone is actually buried there. This transcription was conducted in April of 2010 and it is an accurate representation of legible burials in the cemetery. I have added some information from other sources. This information is in parenthesis. Information within quotation marks is actually on the memorial stone.
